

## ONE LAST PULL FOR WASHBURN

President Womer Has Appointed Two Assistants. Campaign to Complete Endowment Fund Starts Sept. 1.

THERE IS \$250,000 TO RAISE Alumni Have Promised \$100,000 of the Sum Needed.

Work Will Begin in Northwest Part of State.

The appointment of the Rev. Leon C. Schnacke, one of the oldest and best known Congregational ministers in the state, and the Rev. Edwin S. Shaw of Williston, N. D., to assist in the endowment campaign for Washburn college is the first move made by P. P. Womer, president of the college, in the campaign for more funds which will be started in earnest September 1. Washburn needs \$150,000 to complete the \$400,000 endowment fund and before the \$100,000 will be received from the general educational board of New York. When the campaign is finished Washburn will have a \$500,000 endowment fund.

Rev. Edwin S. Shaw of Williston, N. D., who has been appointed to assist in Washburn endowment campaign.

President Womer plans to open the campaign the first of September in the northwest part of the state. During October it is expected that the work will be continued in this section of the state and later in Kansas City and southwestern Kansas. Last fall \$150,000 was raised in Topeka and of the \$250,000 remaining \$100,000 has already been promised by alumni of the college.

Dr. Shaw has had a wide experience in raising money for the building of churches and for the endowment of Fargo college in connection with the conditional gift of the late Dr. D. K. Pearsons. He was for five years connected with Benzonia college, Benzonia, Mich., and for the last twenty years has been in North Dakota as pastor, field secretary of Fargo college, and assistant superintendent of missions. Dr. Shaw's last work was at Williston where he succeeded in erecting a thoroughly modern church costing \$23,500 in a town of less than 5,000 population. Dr. W. W. Newell of Chicago, who is considered one of the leading financial experts of the Congregational denomination, has highly recommended Dr. Shaw.

The Rev. Mr. Schnacke began work in Kansas as a home missionary and has occupied many of the principal pastorates of the state. Among other fields he has served Junction City, Hiawatha, McPherson, Great Bend, Paola and Garden City. For a number of years he was superintendent of home missions in Kansas for the Congregational churches. During this period he visited all parts of the state and has a wide acquaintance.

Dr. Schnacke has been for many years a trustee of Washburn college. He has the welfare of the college greatly at heart and will doubtless be a very great help in carrying the financial campaign through to a successful conclusion.

## GERMANY, EXPLAIN

[Continued from Page One.] was said at the state department that no information of that kind had been received from the German embassy or from any other official quarters.

Vice Consul Thompson's dispatches from Quentown this morning confirmed the White Star line's statement that it had been definitely determined that only two Americans were lost. It was the first official agreement on American losses. Nothing new was received from American sources.

Bodies Picked Up. Queenstown, Aug. 21.—The bodies of two victims of the Arabic were brought into Queenstown today, and have been placed in a morgue awaiting identification. Three of the Arabic's life boats have been picked up about five miles from the spot where the Arabic was sunk. In one was the body of a woman, whose face was badly disfigured from the wreckage. She wore a gold ring on her right hand. In the second boat was the body of a man. His watch had stopped at 9:45. The Turkish steamship Stormcock picked up four other life boats of the Arabic, but no bodies were found in them.

Mrs. Bruguiere's Body Found. New York, Aug. 21.—The body of Mrs. Josephine L. Bruguiere, one of the two Americans lost with the Arabic, has been found. The White Star line announced today. This was based on a conversation, it was said, with Mrs. Marion Bruguiere, the dead woman's daughter-in-law, who was quoted as saying she had received a cable message to that effect.

ARABIC DEATH LIST 37. Dr. E. F. Wood and Mrs. Bruguiere Only Americans Lost. London, Aug. 21.—An amended list of passengers lost on the Arabic gives a total of sixteen, which, with the 21 members of the crew who were lost, places the number of dead at 37. Dr. Edmund F. Woods and Mrs. Josephine L. Bruguiere are the only

Americans in the list of dead passengers. The other passengers whose names do not appear in the list of survivors and are believed to have perished were all British subjects. The cabin passengers were: Miss Mary English, Mrs. Mary Eaton, Mrs. Negus, W. G. Randall, Mrs. W. G. Randall, Miss Irene Tattersall, Mrs. John H. Neave, Mrs. Frank Tattersall.

The names of six steerage passengers, four women and two men, also appear in the list.

The management of the White Star line telegraphed today to Captain Finch an expression of its "profound admiration of the excellent discipline and exemplary conduct of all concerned, which resulted in minimizing what, under other circumstances, might have proved to be an infinitely greater calamity."

The British government today authorized the statement that the ship Arabic was not being conveyed when she was torpedoed by a German submarine.

## TURKEY FACES NEW FOE

Italian Cabinet Believed to Favor War Declaration.

Rome, Aug. 20. (via Lugano, and Paris, midnight).—At the meeting of the Italian cabinet today Foreign Minister Sonnino presented an exhaustive report upon the Turkish situation, showing the extreme moderation of the Italian government, notwithstanding Turkish provocations, which, he said, have now become intolerable.

The cabinet's decision was kept strictly secret, but it is believed the ministers agreed to use all means, even force, to obtain reparation for the injuries suffered by Italians in Turkish territory.

## DESSERTERS CROSS LINE

U. S. Army Patrols Search for Heavily Armed Mexicans.

Brownsville, Tex., Aug. 21.—Ten Mexicans, reported to be deserters from a Carranza detachment near Reynosa, about 60 miles above here, have crossed into Texas, heading northward into Hidalgo county. They carried fourteen extra rifles and had ten horses.

Captain E. Gavazos, Carranza commander at Reynosa, reported the desertions.

United States army patrols are searching in Hidalgo county for them.

## MEMORY OF CRIME

[Continued from Page One.]

ate domination of the chosen people, since, according to von Bethmann-Hollweg, if the German empires are victorious the policy of the balance of power must disappear. With Bismarck, his great predecessor, the emperor evidently thinks that "the only sincere phrase in the 'scrap of paper' man's long harangue."

Like the Germans, many manufacturers in this country are of the opinion that it is a tissue of deceptions and gratuitous affirmations. It will be for other countries but what its masters expect from the well drilled credulity of the German people.

Compel Peace by Victories. Berlin, Aug. 21. (Via London).—

In the course of the debate today in the reichstag, Dr. Eduard David, the Socialist leader, said: "There lives in the hearts of the German people and all other peoples, a longing for the day of restoration of peace. It is ill for humanity if it were otherwise. The European nations are bleeding from thousands and thousands of wounds. Every day of the war means further frightful destruction of values."

"Therefore, I point again today to the declaration which our party made in the reichstag. We adhere to the principle declared on August 4, 1914, that an end must be made to the war as soon as our enemies are inclined to make peace."

"Last for conquest must not prolong this war unnecessarily. Emperor William said we were waging no war of conquest and the chancellor's speech yesterday supplied further proof. Unfortunately, however, our enemies are not yet inclined to peace, notwithstanding their severe defeats. Their leading statesmen only recently asserted the determination to continue the war until Germany is crushed and their plans for conquest are realized. They are still looking for allies among the neutrals. They are still their ally and hope to wear out Germany's economic and military power by protracting the war."

"If we desire peace, therefore, the only thing left is to compel them to see that their hope is futile."

## CRASH AT OPEN SWITCH

Only One Hurt When Santa Fe and M. P. Trains Collide.

St. Joseph, Mo., Aug. 21.—A southbound Missouri Pacific passenger train and a northbound Atchison, Topeka & Santa Fe passenger were wrecked in a collision at Kenmore, Mo., a few miles south of here, this morning, but only one person was injured. James Dyer, engineer of the Missouri Pacific train, was cut and bruised, but is expected to recover.

The Missouri Pacific and the Atchison, Topeka & Santa Fe use the same tracks between St. Joseph and Atchison. The Santa Fe was on the side-track waiting for the Missouri Pacific to pass and the switch had been left open.

The passengers on both trains were brought here in a special.

## WILLIAMS THE VICTOR

Maurice McLoughlin Loses Tennis Match to Old Rival Today.

Newport, R. I., Aug. 21.—Tennis history repeated itself today in the victory of R. Norris Williams, II, of Philadelphia, over Maurice McLoughlin of San Francisco, in the final contest for the casino on the same court on which Williams won from McLoughlin the title of national champion a year ago. The score was 6-7, 6-4, 6-3, 6-2.

As McLoughlin defeated Williams at Longwood three weeks ago in a four-set match, the honors of the season between leading tennis stars of the country are now even. Both are entered in the national championship tournament which begins at New York on August 30.

## NEGRO WOMEN IN FIGHT

One of Them Is Badly Cut by Her Antagonist.

Since 9:10 o'clock Friday night, when Rosella McSims, a negro, was arrested by Officer Albas for disturbing the peace, no arrests have been reported by the police. At 2:30 o'clock this afternoon the quietude had not been broken.

brought to the station Emma Coleman, a negro, 17 years of age, who used a knife too freely in an argument with Lottie Sneed, also a negro. The surviving was the result of an argument between the two women met at the corner of First and Quincy streets at 7 o'clock Friday night. Emma claims that Lottie had threatened to "get her" for trying to take away the Coleman woman's man. So when the meeting became warm she drew her knife.

When taken to the station Lottie was covered from head to foot with her blood. The radial artery in her left wrist was severed and a long gash had been cut in her right arm to the bone. Her wounds were dressed by Dr. C. C. Lull and Dr. A. H. Marshall.

## TO BUFFALO MOUND

Forty-Seven Youngsters to Attend Business Men's Camp.

Forty-seven boys who will attend the Big Buffalo Mound, beginning next Monday, reported at the Central Y. M. C. A. building this morning for final instruction. These youngsters will be given a two weeks' outing through the generosity of Topeka business men and others. It will be a rare treat for the kiddies.

George Baker, now assistant physical director of the Y. M. C. A. in charge of the games and sports at the camp. The well known "Bob" Graham will be the cook, assisted by Kim and a Korean. Leaders will include William Burton, Harvey E. Selber and John Kinkel. Roland W. Selber, boys' secretary of the Central association, will have charge of the camp.

While there will be games, fishing, swimming, boating, hikes, camp fires, and other forms of entertainment, there will necessarily be some work to perform at camp. The boys will be paid in camp money for the work they do and this money will be used in paying for meals and camp "luxuries." The meals will cost ten cents in camp money.

## DEATHS AND FUNERALS

Mrs. Sarah A. Bright, age 77, died at the home of her daughter, Mrs. James E. Bright, 105 College street, in Rosedale. The body was brought to Topeka and the funeral will be held at 2 o'clock tomorrow afternoon from Southern Kansas Home for the Friendless, Parsons.

The funeral of Agnes May Beavers, the year-old daughter of Mr. and Mrs. C. W. Beavers, who died Thursday in St. Joseph, was held this afternoon from Penwell's chapel. Interment in Mount Auburn cemetery.

## At the Best.

Mrs. Leslie Carter, who plays the lead in George Klein's beautiful six-part film, "Du Barry," from the famous novel which will be shown at the Best Tuesday, August 24, wears a number of expensive gowns that are sure to attract comment by the feminine portion of the audience. The total value of three of these dresses exceeds twenty-two hundred dollars, and they were all purchased in Europe.

The gown worn by Mrs. Carter in the scene where she is introduced at court, is a jewel-brocaded creation trimmed with fourteen ornaments. This gown was designed at the fashionable Worth establishment in Paris and cost 7500 francs, or \$1,500 in American money. This is by far the most elaborate costume ever seen in a motion picture, yet to masculine eyes its intrinsic value remains a shrouded, impenetrable mystery.

The entire production is characterized by a lavish expenditure of money and a close attention to detail which makes it an extraordinary example of the modern tendency toward the beautiful and representative in pictures.

## TO HAVE FACTORY

Archie Baird Is Organizing Concern to Make Tools.

Headquarters of the Company Will Be in Topeka.

The Baird Pneumatic Tool company, a \$100,000 concern, is to be organized for the purpose of manufacturing and selling inventions perfected by Archie M. Baird, a Santa Fe shopman. The headquarters of the new corporation will be in Topeka. The factory probably will be located at Atchison.

Mr. Baird has been employed at the Santa Fe shops for twenty-five years and during that time he has been working on the invention of several pneumatic tools and other devices of value to structural steel workers, railway and machine works, principal among them being a vacuum oil forge and a staybolt cutter.

The proposed organization of the company was announced by the Commercial club today. Work has already started on raising the capital to finance the project.

The matter has been taken up in Atchison by J. E. Leader of Topeka, who presented the proposition to the Commercial club of that city. Mr. Leader will be in Atchison for several days interviewing capitalists who are interested in the proposed company.

No details of the organization have been given out yet as the company is unformed. But it is understood that the headquarters and selling department will be located here and the factory in Atchison.

## WANTS ACCOUNTING.

Wasson Asks Auditing of Edison Company Books.

If other members of the city commission endorse the announced plan of W. H. Wasson, city commissioner of finance, the city of Topeka may discover that it has some money due which it is not getting from the Topeka Edison company and the Topeka Street Railway company. Wasson says that he will request that the books of the two companies be audited. According to the terms of the franchises of the two companies they shall turn over to the city ten percent of their annual net earnings in excess of ten percent on their investments.

On May 15, 1914, the Topeka Edison company paid the city \$1,160 in conformity with the terms of its franchise. This is the only payment the city has received from either company through the profit sharing clauses of

their franchises. Since then the Edison company has made a very material reduction in electric light rates, and the Edison business has sprung up to complete for nickels going to the street car company. An audit of the books of the companies has been discussed at infrequent intervals for several years.

"I do not see what all the noise is about," said A. M. Patten today. "There is nothing veiled or mysterious about our books. If the city desires to verify our reports by competent accountants it can certainly do so."

"The matter is a simple business proposition, and the proper officers at the city hall are certainly able to look after it in a businesslike manner. It would probably interest many taxpayers to know what the Edison have done with the Street Railway's revenue, as the company's taxes are largely determined by its earning power."

DEATH IN CLOUD DUEL Italian Aeroplanes Defeat Austrian Air Squadron Off Adriatic Coast.

Paris, Aug. 21.—Italian aeroplanes defeated an Austrian air squadron off the coast of Trieste, according to a dispatch to the Figaro from Turin. Three of the Austrian machines were brought down and their crews were either killed or made prisoners.

The Figaro's correspondent says the Italian squadron forced an engagement upon the Austrians after a long chase. The Italian aviators returned to their base without loss or injury.

The method of writing the vowels by positive connective signs, so constructed as really to add to the speed with which the outline may be executed, in most cases, gives to Gregg shorthand a legibility unapproached by any other system of shorthand and scarcely surpassed by print itself. In addition to this, it opens up great possibilities in the way of logical abbreviation impossible in systems where the vowels are omitted.
